

HLNDF: Guidelines for Exhibitions

We are looking for top-notch innovations in data and information sphere that can be showcased at the National Data Forum slated for Nov 15- 17.

These innovations may include but not limited to the following:

- Mobile or web based applications publishing, or promoting use of data and/statistics to improve services
- Open data portals
- Big data innovations
- Applications promoting faster service provision or customer satisfaction
- Mobile money transfer innovations
- Database innovations
- Key management information systems
