Introduction

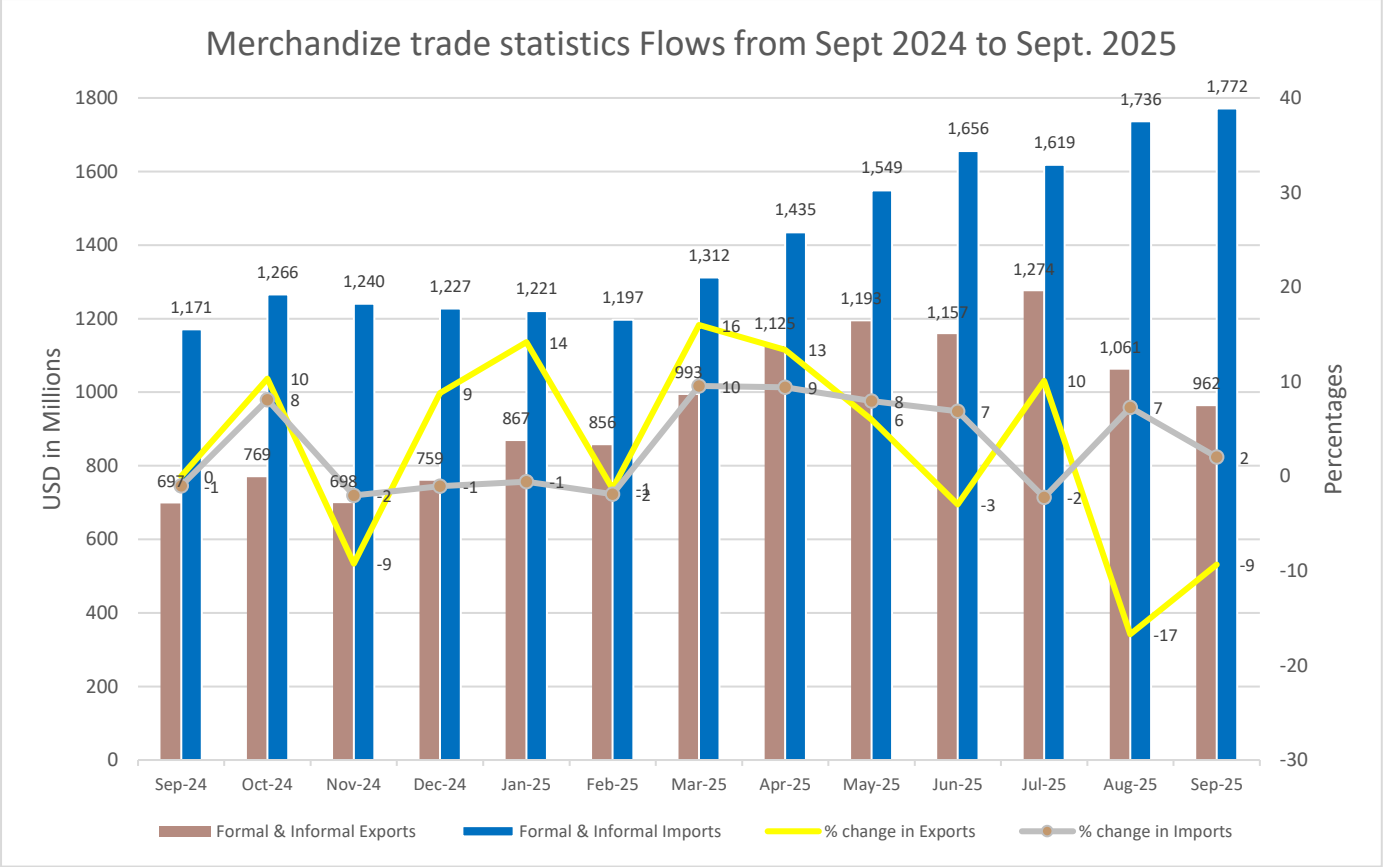
This bulletin presents International Merchandise trade statistics (exports and imports flows) between Uganda and the rest of the world as compiled from customs, non-custom data sources and Informal Cross Border Trade (ICBT) Survey. International merchandise trade statistics records all goods which add to, or subtract from, the stock of material resources of a country by entering (as imports) or leaving (as exports) its economic territory. The data compiled from customs and commodities authorities is herein referred to as formal exports and imports while data from ICBT Survey is referred to as informal exports and imports.

The compilation of international merchandise trade Statistics is based on the General Trade System and coded according to Harmonized Commodity Description and Coding System 2022 (HS2022) and the Standard International Trade Classification (SITC Rev4) commodity nomenclatures as prescribed in the International Merchandise Trade Statistics manual 2010

(IMTS 2010).

In September 2025, total external trade decreased by 2.3 percent to US$ 2,733.7 million from US$ 2,797.8 million recorded in August 2025. Total exports decreased by 9.4 percent to US$ 962.1 million in Sept.2025 from US$ 1061.4 million recorded in Aug.2025. The decrease in export earnings was due to the reduction in exports of gold and gold compounds whose earnings reduced to US$ 411.0 Million in Sept 2025 from US$ 526.3 Million recorded in Aug 2025. Total import flows increased by 2.0 percent to US$ 1771.6 million in Sept 2025 from US$ 1736.4 million registered in Aug 2025.

Annually, trade flows in Sept 2025 increased by 46.3 percent to US$ 2733.7 million from US$ 1868.0 million recorded in Sept 2024. Imports increased by 51.3 percent to US$ 1,771.6 million in Sept 2025 compared to US$ 1,170.9 million recorded in Sept 2024. Similarly, Exports increased by 38.0 percent to US$ 962.1 million in Sept 2025 in comparison to US$ 697.1 million registered in Sept 2024. See Figure1 and Table1 below.



The trade deficit increased to US$ 809.4 million in Sept 2025 compared to a deficit of US$ 675.0 million recorded in Aug 2025. See Table1 below.
