Annual change (0.6%)

The Annual Producer Prices for services in the Hotels & Restaurants sector on average rose 0.6% in the 3rd Quarter of 2014 compared with the 3rd Quarter of 2013. This was due to the rise in prices for both Accommodation Services (1.3%) and Catering Services (10.6%) over the same period.

Figure 1 shows fluctuation of prices from Quarter 3, 2013 to Quarter 3, 2014.

The graph below shows the price index level changes for the period under review:

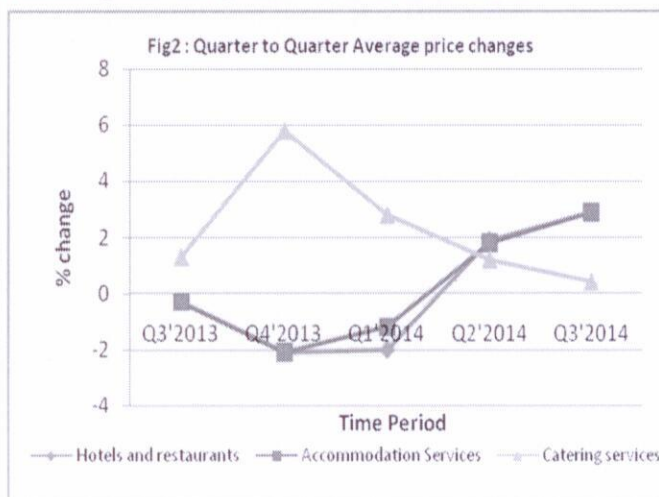

Quarter to Quarter Change

Quarter to Quarter changes showed that the overall average Producer Prices for the Hotels & Restaurants sector rose 2.9% in the 3rd Quarter of 2014, following a previous rise of 1.9% in the 2nd Quarter of 2014. The rise in prices for accommodation services was mainly attributed to the increase in prices for short stay accommodation. The increment in the prices of short stay accommodation was mainly attributed to the depreciation of the shilling, given that major hotels charge rates in dollars.

Other Hotel Services such as the Conference Facilities registered a rise in prices of 1.5% in the 3rd Quarter of 2014 compared with the 2nd Quarter of 2014 due to increased demand.

The price for Catering Services increased by 0.4% and this increase was driven by increases in prices of Food and Snacks (0.6%).

Figure 2 below shows price changes across the quarters under review for the overall Hotels & Restaurants sector. It can be observed that prices for Catering Services increased at a decreasing rate throughout the period under review.
