PRESS RELEASE

PRELIMINARY ANNUAL GROSS DOMESTIC PRODUCT 2021/2022

HIGH LIGHTS

The preliminary estimates of Gross Domestic Product (GDP) indicate that the economy is estimated to grow by 4.6 percent during the Fiscal Year (FY) 2021/22 compared to the revised growth of 3.5 percent in 2020/2021. The size of the economy in nominal terms increased to Uganda shillings 162,123 Billion in 2021/22 from 148,310 Billion in 2020/2021 (See graph 1).

The growth in economic activities is attributed to the full opening of the economy in January 2022 among other factors. The GDP revision in 2020/21 is attributed to data updates in Construction and Cash crop growing activities.

Performance by sector

In terms of sector contribution to GDP, the Services sector continued to be the biggest contributor to GDP, with a share of 41.5 percent in 2021/22 compared to 41.8 percent in 2020/21. The Agriculture sector contributed 24.1 percent in 2021/22 compared to 23.8 percent in the FY 2020/21, which is a 0.23 percentage point increase in the share to GDP. The contribution of the Industry sector to GDP decreased by 0.38 percentage points from 27.1 percent in 2020/21 to 26.8 percent in 2021/22.

Agriculture, Forestry and Fishing

The gross valued added for Agriculture, Forestry and Fishing activities grew by 4.3 percent in 2021/22, a similar growth recorded in the previous FY.

The performance in Agricultural activities is largely attributed to the good performance in Cash crop growing activities which registered a growth of 7.1 percent and food crop growing activities which grew by 3.5 percent in 2021/22. In addition, Fishing activities bounced back with a slower growth of 0.4 percent following an earlier decline of 8.8 percent registered in 2020/21.

Industry

The gross value added for the Industry sector registered a growth of 5.4 percent in 2021/22 compared to an earlier growth of 3.5 percent registered in 2020/21.

The growth in the sector is mainly attributed to the improved performance in Manufacturing activities which grew by 3.9 percent in 2021/22 compared to 2.2 percent in the previous year. Mining & Quarrying activities registered a strong growth of 21.8 percent in 2021/22 compared to 6.9 percent in the previous year. Water supply activities registered a growth of 6.2

percent in 2021/22 compared to 4.8 percent in 2020/21. Construction activities added momentum with a growth of 5.3 percent in 2020/21 following a slow growth of 3.6 percent in 2021/22.

Services

The gross value added of the Services sector registered a growth of 3.8 percent in 2021/22 compared to 2.8 percent growth in 2020/21.

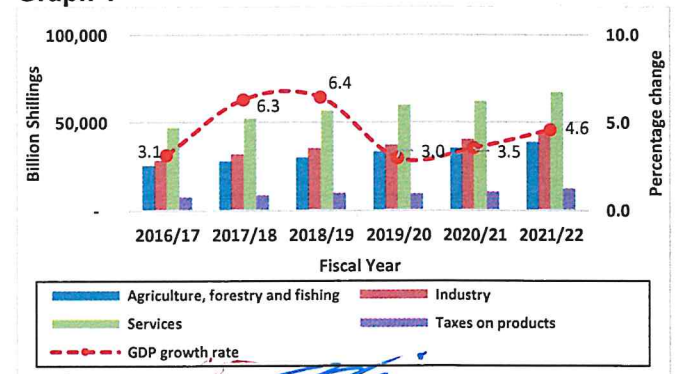

The improved performance in the Services sector is majorly attributed to; Trade and repairs activities which bounced back with a growth of 2.5 percent in 2021/22 following a decline of 0.6 percent in 2020/21, Real estate activities grew by 9.4 percent in 2021/22 from 3.9 percent in the previous FY. Information and communication activities registered a growth of 7.3 percent in 2021/22 compared to a growth of 11.8 percent in 2020/21. In addition, Education activities bounced back with a growth of 1.9 percent in 2021/22 compared to an earlier decline of 4.2 percent in 2020/21.

However, the good performance in Services was undermined by the poor performance in Transport and storage activities which declined by 3.0 percent in 2021/22 following an earlier decline of 0.3 percent in 2020/21, Accommodation and food services activities declined by 1.0 percent in 2021/22 compared to a decline of 0.6 percent in 2020/21. Furthermore, Arts, Entertainment and Recreation registered a decline of 1.6 percent following a decline of 13.7 percent in 2020/21.

Taxes on products

Taxes on products registered a growth of 7.5 percent in 2021/22 following a growth of 6.2 percent in 2020/21.
