

UGANDA BUREAU OF STATISTICS

REPORT ON MIGRATION STATISTICS YEAR 2020

January 2021

PREFACE

The Migration Statistics report is one of reports published by Uganda Bureau of Statistics. The purpose of this report is to provide up to date statistics to policy makers and all other stakeholders in the development and management of the Tourism Sector in Uganda. The information contained in this publication is compiled from PISCES data from the Directorate of Citizenship and Immigration Control. Travelers entering and leaving the country are required to provide individual particulars to Immigration entry/departure points. This covers all land borders namely Malaba, Busia, Mutukula, Mirama Hills, Katuna, Mpondwe as well as Entebbe International airports. The report gives arrivals and departures statistics year 2020. Further information can be obtained from the Headquarter of UBOS.

We sincerely thank all stakeholders involved in the formulation of this report, particularly the Directorate of Citizenship and Immigration Control for their continued support and feedback, as we strive to better serve Uganda and all other important users of our services.

Glossary of Terms:

The following concepts and definitions have been adopted in this release, which are in conformity with the definitions adopted by the World Tourism Organization (WTO) and the Statistical Division of the United Nations.

A Traveller: is any person on a trip between two or more localities.

An international travellers refers to any person on a trip between two or more localities in different countries.

Tourism: comprises the activities of persons travelling to and staying in places outside their usual environment for not more than one consecutive year for leisure, business and other purposes not related to the exercise of an activity remunerated from within the place visited.

An international visitor: is a visitor from a foreign country who stays not more than a year in the country visited.

A Tourist: is a visitor who stays at least one night in collective or private accommodation in the place visited.

Ugandan residents: are persons residing in Uganda both Citizen and Non-Citizen.

1.0 Introduction

This Report presents Migration Statistics on international travel, including tourism trips, arriving in and departing through formal border points of Uganda. It focuses on short-term trips (less than 1 year) for year the 2020. COVID_19 pandemic has greatly affected the cross-border movements. The statistics report covers only seven border points (**Busia, Malaba, Mirama Hills, Mpondwe, Elegu, Katuna and Mutukula**) and one **Entebbe International Airport**.

Statistics on International arrivals and departures relate to the number of movements of travellers rather than the number of travellers. Individuals who travel multiple times in a year are counted each time they cross Uganda's borders.

2.0 Findings

2.1 International Arrivals and Departures

Uganda recorded a total of 1.3 million travellers in 2020 was recorded from eight border posts. Of these 629,000 persons were arrivals and 682,000 persons were departures. The number of departures marginally exceeded the number of arrivals by about 52,000 travellers in 2020. In 2020 the international travelers decline by 42 percent as compared to the year 2019. The number of arrivals and departures by month are in appendix Table A43 to A58.

2.2 Arrivals and Departures by Age group by Sex

Age is very crucial in determining the travel patterns, destination and tourism attractions. This section presents statistics on international travellers by age group and sex. From the Table 2 below shows that 52 percent of the international travellers were in the age group of 20-39 followed by 40-58 with 41 percent and the least travellers were persons less than 20 years of age who in most cases are influenced by their traveling patterns.

Table 2: Total Arrivals by Age group by Sex

Age Group	Female	Male	Unknown	Grand Total	Percentage
20-39	69,772	255,398	17	325,187	52
40-59	28,716	229,709	16	258,441	41
60+	5,583	24,706	3	30,292	4.8

Total	111,586	517,853	36	629,475	100

Departure by age group given by Table 3 shows persons between 20-39 move out of the country more than any other age group and the male's departures were more than the female

2.3 Arrivals from and Departures to the EAC- Pattern States

The East African Community (EAC) Common Market Protocol guarantees free movement of persons who are citizens of Partner States within the EAC territory. Statistics on arrivals and departures within the region is therefore important in monitoring the implementation of the EAC Common Market Protocol; however, the statistics provided excludes the arrivals from Uganda nationals. The number of arrivals in 2020 from EAC member states to Uganda was 393,000 and departures were 334,000 travelers as shown in the Table 4 below. This number of travelers in 2020, reduced by about 3 percent for Arrivals and increased by 8 percent for departures as compared by the year 2019. In 2020, most of the arrivals and departures were from Kenya (587,000) followed by Rwanda (43,000).

2.5 Monthly Arrivals and Departures

The monthly distribution of movements throughout the year 2020 shows that there is clear pattern in the arrivals and departures of travelers as shown in Table 6 and 7. Generally the year started with high volume of arrivals but the number went down from March 2020 because of the global pandemic. The month of May recorded the lowest number of arrivals in the country. The arrival numbers started raising from October after relaxation of the lockdown measures. Detailed information, see the Table 6 below:

3.0 Visitor (Tourists) Arrivals

A visitor is a traveller taking a trip to a main destination outside his/her usual environment, for less than a year, for any main purpose (business, leisure or other personal purpose) other than to be employed by a resident entity in the country or place visited, similarly, A visitor is considered a **tourist (overnight visitor)** if his/her trip includes an overnight stay or as a **same day visitor** (excursionist) (IRTS 2008)

Table 8 shows that in 2020, out of 629,476 total arrivals registered at the eight ports of entry/exit, 473,000 (74%) were visitors, the visitor arrivals were less than the visitor departures with a negative net movement of about 12,000 travelers. The arrivals in the 2020 was less by 28 percent as compared to the year 2019 recorded number of arrivals.

3.1 Country of Origin for Visitor Arrivals.

Table 9 shows that 89% of the visitor arrivals in 2020 were from the African continent followed by Asia and Europe with (4%) and America (1%). Details of the specific countries of origin are in Appendix Table A1. On the other hands, visitors from the EAC countries accounted for 84 percent of all visitor arrivals, Kenya accounted for 69 percent followed by Tanzania with 5 percent and the least number of visitors from the EAC was from Burundi and South Sudan.

3.2 Visitor Arrivals by Mode of Travel

Air and road transport are the two major types of mode of transport used by visitors' arrivals, very few travelers use water transport on Lake Victoria and Lake Albert.

Figure 1 shows the number of arrivals by mode of transport in 2019 to 2020. Road transport is the most commonly used mode of international arrivals in Uganda. Out of the 473,000 visitor arrivals in 2020, about 84 percent used road transport and the remaining 16 percent came in through Entebbe international airport.
